

Fast Tech Solution LLC Affiliate Program

1. Benefits for Affiliates

- Commission per referred client:
 - Basic affiliates earn 25% of the labor cost for each client who hires a service.
 - If they refer 5 or more clients, the commission increases to 50% of the labor cost for those clients.
- Discount on personal services:
 - Affiliates receive a 25% discount on labor costs when hiring services for themselves.

2. How it Works

1. Affiliate Registration:

- Interested individuals fill out a basic form with their personal information (name, email, phone number).
- Upon registration, they receive a unique affiliate code or a personalized link.

2. Promotion:

- Affiliates share their code or link with potential clients.
- They can promote it on social media, WhatsApp groups, local communities, or word of mouth.

3. Tracked Referrals:

- Clients who use the affiliate code will receive a discount depending on the service cost:
 - \$10 discount if the service cost is over \$100.
 - \$5 discount if the service cost is under \$100.
- The system automatically tracks referrals and commissions.

4. Commission Payments:

- Accumulated commissions are paid bi-weekly via bank transfer, Zelle, Cash App, or another convenient method.

5. Minimum Activity Requirement:

- To maintain active affiliate status, affiliates must:
 - Refer at least 1 client per month.
 - If the minimum activity requirement is not met, affiliates lose their benefits, including personal discounts, until they refer another client.

3. Affiliate Levels

- Basic Affiliate:
 - Standard benefits (25% commission on referred labor and 25% personal discount).
- VIP Affiliate:
 - Achieved by referring more than 5 clients in a fortnight.
 - Earns 50% commission on referred customers during that fortnight.

4. Practical Example

- Pedro is an affiliate:
 - He referred Ana, who hired a service with a labor cost of \$200.
 - Pedro's commission: \$50 (25%).
 - Ana receives a \$10 discount and pays \$190.
 - In a second case, Pedro referred 5 clients in the fortnight. For those clients, his commission increases to 50%.
- Pedro used his discount to fix his computer (original cost: \$150).
 - He only paid \$112.50 thanks to his 25% personal discount benefit.

5. Rules and Conditions

- Commissions are calculated only on labor costs (not on materials or equipment).
- Self-referrals to earn commissions are not allowed (personal discounts already cover this benefit).
- Important Notice:
 - This program is designed for active affiliates who contribute to the growth of Fast Tech Solution LLC.
 - Minimum activity will be periodically reviewed, and non-compliance may result in suspension of affiliate benefits.
